"THINGS COULD BE WORSE"

"The source, in commenting on the low morale of the inhabitants, told us  
of an instance when, during a political meeting, one of the miners ventured to  
say that whereas formerly they had had small shovels and large pieces of meat,  
today they have large shovels and small pieces of meat. He was given a year's  
imprisonment." CIA 856846, State, Vienna, D#316, 18 Aug. 1952, Confidential.
